VOLUME XLIX

THE NORWAY ADVERTISER

(OXFORD COUNTY, ME.)

Epidemic Under Control

The influenza in the town of Norway is being stamped out according to reports given by the local Board of Health. Very few new cases are being treated and the disease has been confined to families who have received medical attention during the past week or more. Isolation of pneumonia cases is the rule and when suspicious symptoms appear the sufferers are hurried to the Grange Hall Emergency hospital where expert care can be given. Five professional nurses and several volunteers are constantly on duty with Dr. E. V. Call of Lewiston and Dr. H. L. Bartlett, chairman of the Norway Board of Health in charge. The townspeople are deeply interested in this work and are assisting in every way. The Red Cross has been active through this epidemic, furnishing gauze masks and garments.

First Selectman George Hathaway has followed every case personally and rendered material aid to families in need. The district nurse has kept in touch with the afflicted families and rendered valuable assistance during her daily visitations. This relieved the doctors who could give more attention to the critical cases.

Spiller's ambulance has been on the road day and night through Norway and Paris. Volunteer drivers and stretcher-bearers have made it possible to secure this conveyance on short notice, and the sick have been quickly and carefully handled.

Norway Commercial Club Dissolved

After thriving some two years the Norway Commercial Club closed its doors this week and disbanded. This action was taken by the executive committee as many active members are in the service. Fuel is expensive and war taxes levy a heavy burden which under the present conditions might be saved for other war contributions.

Owing to the epidemic no general meeting was called, but this action was taken by the committee after a personal canvass among the resident members.

Thibault has prospered and attained a membership of sixty, which included the representative business men in town. Their rooms in the Hobbs' block over at Elmer Installment Co. were up to date in every particular, and affairs conducted in a business like manner by alert officers. After the boys return and the affairs about town become normal, it is expected a reorganization will take place and the rooms again become the center for social activity.

Hill-Nash

A pretty home wedding took place Wednesday afternoon at the home of Mr. and Mrs. J. Waldo Nash, when their daughter, Berenice May, was united in marriage to Arthur Wilbur Hill of South Gray. The bride and groom were accompanied by the bride's father and mother, and the ceremony was performed by Rev. M. O. Baltzer, the double ring service being used. Only relatives and a few intimate friends were present.

The bride was becomingly gowned in dress of unadorned white georgette crepe with a tulle wedding veil and carried a shower bouquet of white roses.

Lohengrin's bridal march was played by Marion Gibson, as the bride entered the room on the arm of her father with her bridesmaid, George Young, cousin of the groom, dressed in white silk, acting as ring bearer.

A lunch followed the ceremony, the bride cutting the cake, which was made by Mrs. Hayden, a lady nearly ninety years of age, a friend and neighbor of the family. Many wedding gifts were received which included cut glass, linen and china.

The couple left in the bridegroom's car for a short honeymoon. The bride's traveling gown was reinforced brown with a large black velvet picture hat.

Special Health Notice

A THOROUGH TEST

One To Convince the Most Skeptical
Norway Reader.

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action.

The following case is typical. Norway residents should be convinced. The testimony is confirmed—the proof complete.

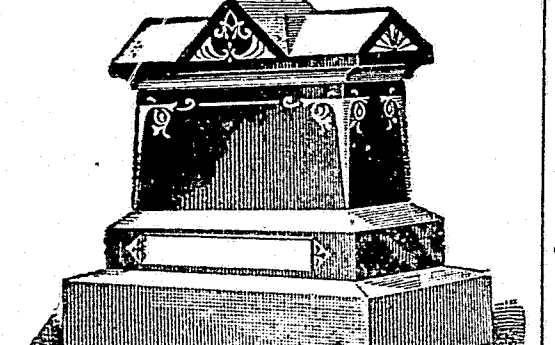

Testimony like this cannot be ignored. Wm. O. Needham, retired farmer, Main St., Norway, says: "At different times when I have taken cold, my kidneys have become affected. Several years ago when I felt that my kidneys needed attention, I got Doan's Kidney Pills from F. P. Stone's drug store. They strengthened my kidneys, ridding my system of the excess uric acid and in a short time I felt much better."

The above statement was given July 24, 1908 and on June 6, 1916, Mr. Needham said: "I still gladly endorse Doan's Kidney Pills. My confidence in them is as strong as ever. I occasionally use Doan's when I feel in need of them and always get fine results. Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Needham had. Foster-McBum Co., Mfrs., Buffalo, N. Y."

OUR SERVICE
And What it Means to You

We Have a Joint Interest in This Community

And We Wish to Join With You in Every Way to Promote the Communities' Interests

In a sense, this community is like a farm—it pays according to the way in which it is treated.

The successful farmer co-operates with his farm. Knowing that certain soil elements are necessary to healthy crop growth, he sees to it that these elements are maintained.

The same principle holds good in community development.

Our community is composed of two closely-related elements—town and country.

They are both essential to healthy community growth. Neglect or mistreatment of either of them by the other affects both—it injures the whole community. Both elements must be maintained.

Accomplishing this is simply a matter of sincere co-operation among all of us in this community.

Our idea of our own part to play for community good in a business way is—To sell only such implements as have the quality to give high grade results in the field.

To consider good performance by our implements as a part of our obligation.

To sell every implement at a fair price.

To practice the square deal towards each and every customer.

On this basis we invite the co-operation of every farmer in this community.

Prevent colds and rheumatic tendency with this money-saving remedy, the genuine "L. F." price 50 cents, made only by the L. F. Medicine Co., Portland, Me.

What is much more important, they are so slow burning as to be practically fireproof. A wood shingle roof is a firetrap and is not allowed in many localities governed by fire regulations. I have placed on sale at my store, 134 Main street, Norway, the Christian Science Monitor—the best daily paper published. This is now a morning paper and usually arrives on the forenoon train from Boston, at the same time as the other Boston Dailies. It costs 3c per day or 75c per month. It is not published Sundays. To be sure of getting a copy each day please speak for it in advance.

Every newspaper is published for some purpose. On page 353 of "Miscellany" Mary Baker Eddy, the founder of the Monitor, says: "the next I named MONITOR, to spread undivided the Science that operates unseen. The object of the MONITOR is to injure no man, but to bless all mankind."

BOLSTER'S MILLS.

The young people are all at their respective homes owing to the contagion which has stopped the schools in various localities.

There have been no church services for two Sundays and the last Grange meeting was called off. The monthly meeting of the W. C. T. U. was held but the village school is still in session. Some who are densely ignorant or else care little for the public welfare think the closing of public gatherings is not necessary. We believe now is the time to keep up eternal vigilance. Let everyone stay at home as much as possible and use every precaution to prevent the spread of this terrible disease. There should be no public funerals of those who die of contagion, nor should neighbors rush to see one who is reported ill. These facts have been many times given to the public but they are not obeyed, especially in rural districts. The disease is now in both Norway and Harwood and if Bolster's Mills escapes it will be because people use common sense.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off.

It is just when a corn hurts that you want to feel surest about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It."

The Only Peel-Off Way Is "Gets-It"

anyhow, sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your foot so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply. "Gets-It." There's no fussing or putting on corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions; use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfgd by E. Lawrence & Co., Chicago, Ill.

NORWAY AND VICINITY

Mrs. Charles F. Ridlon was called to Lynn, Mass., Friday by the illness of her brother, Edward Clough, formerly of Norway. Mr. Clough died Saturday morning with bronchial pneumonia. The remains were buried in Saco.

The motor bus operated by the Paris and Norway Transfer Co. appeared on the streets for the first time Friday. The bus is a glass enclosed pay-as-you-enter style with an entrance at the front beside the driver. Two seats run lengthwise similar to the "Telephone" large before the street car age. The Norway mail and odd packages are also carried.

Fred Gregg has closed out his business, sold most of his household goods and left town Wednesday morning for his former home at Pittsburg, Pa.

Mr. and Mrs. Albion L. Buck are spending the week with their brother, Oliver Buck, and wife in Hebron. This is a vacation when harvesting and apple picking will offer a pleasant diversion from the dry goods business.

Tim Heath and crew have the "mill house" so called on its new foundation in the rear of Porter Seavy's place on Pearl street. This one story building is the property of Philip McAllister, and has been a landmark in Norway village during several decades. Built many years ago on the shore of the mill pond, when the upper village was a straggling hamlet it has weathered the gales and has been a famous object for writers versed in antiquarian lore. Tim's Ford auto street sprinkler furnished motive power to Whitman street, then capstan and horse finished the job. This attraction drew a larger crowd than a circus parade.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and

headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ABELINE E. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

SOUTH ALBANY

Charlie York has been quite ill the past week. Mrs. York has also been poorly.

Mrs. H. B. Horr is slowly improving in health.

Mr. and Mrs. Merritt Savin visited their daughter, Mrs. Arthur Millett, Sunday.

Ivan and Lucy Kimball have been having the chicken pox.

David McAllister has recently bought some very nice young cattle. He has two pairs of handsome dark red steers with white faces and white markings, and some good heifers, besides a number of last spring calves.

Mrs. J. A. Kimball has received the glad news that her nephew, Bertie Bean, who was seriously wounded while in action somewhere in France, last July, has recovered sufficiently to be sent home and had reached New York some time ago.

The potato crop has turned out well here; some report rot among theirs, but not very many. There has been a good average yield. Apples are few, but of pretty good quality, most of them are picked around here.

Cablegram from Pershing

Mrs. Wallace R. Tarbox of Fryeburg has received a souvenir in the form of a cablegram from Gen. Pershing in answer to one she sent him from the convention recently held in Portland, Oregon, thanking him for his care over our boys over there.

God Bless That Boy!

"The Little Flag on Our House"

William C. Demorest, in Leslie's Weekly

The little flag on our house
Is floating all the day
Beside the great big Stars and Stripes;
You can almost hear it say
To all the folks in our street,
As the breezes make it dance:
"Look up and see my own blue star—
We've got a boy in France!"

The little flag on our house,
It floats sometimes at night,
And you can see it 'way up there
When the street lamp shines just
right,
And sometimes, 'long toward morn-
ing,
When the cop comes by, perchance
It signals with its one blue star;
"We've got a boy in France!"

The little flag on our house
Will wave, and wave, and wave
Until our boy comes home again,
Or finds in France his grave.
Nay—tho' its blue star turns to gold,
Because of War's grim chance,
It still shall wave to say: "Thank God,
We've got a boy in France!"

Save to Buy
and
Buy to Keep

TODAY he is more than your boy or my boy! Today he fights for the purity of all womanhood, the safety of all children, for tenderness to all the aged. Today he avenges the outraged women, the wantonly crippled children, the cruelly treated old left by the dastardly Hun. Today he fights to restore and maintain peace in all the world so wickedly disturbed by the gruesome German. He fights to reconstitute, as self-governing nations, those peoples ruthlessly destroyed by the merciless military masters of Hundom.

But We Must Do Our Part!

We can join the Fighting Fourth by buying Liberty Bonds at once to our utmost. We can lend as the boys in France fight—to the utmost.

EAST WATERFORD

Private William Burton Clark of L Co., 74th Infantry, 12th Division died at Camp Devens of pneumonia, Sept. 25th, at the age of 31 years and 2 months. He was the son of Othello and Cora Holt Clark. He was born at Albany July 10, 1887. The remains were brought to East Waterford accompanied by his brother, Private Irving C. Morey.

Funeral services were held Oct. 1st at 2 p. m. at the home of Geo. Hilton and conducted by Rev. C. G. Miller of South Paris. He leaves one sister, Mrs. Merton Young of Hallowell, three brothers, Geo. S. Clark of East Waterford, Irving Morey of Camp Devens, and Harry L. Morey of East Waterford, besides a step father, George Morey of Albany and other relatives to mourn their loss. Burial at Bismectown cemetery.

He went to Camp Devens June 26, being in camp three months. His father was a soldier of the Civil war.

The bearers were R. E. Pinkham, Herbert Walker, C. H. Pridmore and Lorin Pridmore. Many beautiful flowers were the token of esteem in which he was held by all who knew him. The flowers were as follows: Pillow (brother) from brother and sister; Spray of asters, from employees of McWain Packing Co.; Wreath of asters, from friends, East Waterford.

Crescent of Pansies, Mrs. C. H. Pridmore; Cut flowers, from Mr. and Mrs. Arthur Tucker, Mr. and Mrs. L. E. McIntire, Mr. and Mrs. R. E. Pinkham, Mr. L. C. Pridmore and family, Mr. and Mrs. Leroy Sanderson, Mr. and Mrs. Fred Hazelton, and Mrs. Sam. Lechok, Mr. and Mrs. Adeline Penock, Mr. and Mrs. Fred Learned, Mr. and Mrs. Henry Dene, Mr. and Mrs. Gammon and family, Mr. and Mrs. Geo. Morey, Mr. and Mrs. Alton Howe, Mr. Charles Morey and mother.

Mr. Clark's education was received in the public schools of Albany. He was a bright, smart boy, and one whose company was received with pleasure wherever he went. One who will be missed in many a public gathering for the sunny smile that was habitual with him. He loved to hunt and fish and many a table has been supplied by his generous offerings. His boy companions especially will miss him in the hunting season.

He was a family companion, always ready to bring down his number of deer for many falls. He and brother Geo. Clark have lived the greater part of the time for six years at Charles McKee's in Albany. He was faithful in every duty. His home was with his sister, Mrs. Merton Young at East Waterford until she moved away.

We miss his sunny, smiling face.
We miss his cheerful voice.
The more we take his place,
For his dear sake rejoice.
For he's joined the army up above.
In him there is no loss of love.
And when God sounds the roll call there
We know he'll answer, "Here".

TAKE OUR ADVICE BUY YOUR OVERCOAT NOW

No need going into long stories and technical details—you know as well as anyone that the Government is now using more than three-quarters of the mills and factories in the country. Uncle Sam needs all the clothes he can lay his hands on for the boys "over there" and "over here." Some of the factories are working 100 per cent. Government, all civilian contracts must wait, and if there is anything left after the Government gets all it wants, then we'll get ours. From all present indications and on very good authority there will be very little left. That's why we urge you to buy now while we have a good stock of Winter Overcoats on hand. If you are "run down" or out of condition, if sluggish bowels have allowed poisonous impurities to accumulate in your system you are certain to suffer severely with the grip. Because Dr. True's Elixir is a vegetable tonic that puts the system in good condition, prevents and relieves constipation, stimulates the appetite and strengthens the digestive powers.
